Finally, for medical reasons, casual footwear should be black sandals only.

Director's End of First Term Remarks

Assalam Alaikum,

As we come to the close of the first term 2026, I wish to sincerely appreciate the dedication, resilience, and commitment demonstrated by our entire school community. May the Almighty Allah reward you abundantly. It has indeed been a busy and demanding term, made even more unique as it coincided with the holy month of Ramadhan. Our students observed their fasts diligently while continuing with their academic responsibilities—a true reflection of discipline, faith, and strength of character. We pray that Allah accepts their acts of worship and deeds and grants them abundant blessings.

The First term also marked an important milestone with the reporting of our pioneer Grade 10 students into the Senior School, alongside the admission of Grade Seven new learners into the Junior School. We warmly welcome them and commend their courage as they begin this new chapter in their academic journey.

The transition to the Competency-Based Education (CBE) system has not been without its challenges. However, as an institution, we remain steadfast and proactive in ensuring that our learners are well supported. Our teachers and administration continue to adapt and innovate to provide a conducive learning environment that allows every student to settle and thrive.

Looking ahead, the second term will be both long and academically intensive. It will require renewed focus, consistency, and determination from all learners. We therefore encourage our students to make good use of the April holidays to rest, rejuvenate, and return to school fully energized and ready to embrace the demands of the coming term.

We also take this opportunity to kindly urge all parents and guardians to fulfill their obligation of paying school fees in good time. Timely fee payment is essential in ensuring the smooth running of school programs and helps us avoid unnecessary inconveniences that may affect learning.

On behalf of the school leadership, I extend my gratitude to our parents, teachers, and students for their unwavering support throughout the term. May we continue to work together in nurturing excellence and character in our learners.

Thank you, and I wish you all a restful and blessed holiday.

Warm regards,

Khamis Mohamed Khamis

TIPS FOR PARENTS

In this fast paced, ever changing world, children are picking alternative values that are a stark contrast to parental /societal expectations and norms. The influence, especially from social media, is impacting youngsters into having wrong role models and destructive habits.

Values are ‘caught’ and not taught as it is not enough to ‘tell’ youngsters what they should or should not do. As parents we are tasked with engaging youngsters in activities that will shape their lives. Spend time with your child - pray together, discuss issues at their level and expose them to charitable acts. If busy, get your next of kin to chaperone them to repeatedly engage in good practices that will influence them into good habits. The role of an absent parent can be filled by people/digital content that may be harmful, therefore as a parent limit 'screen time' as you monitor what content your children are engaging in.

May Allah SWT guide our children.

By Ms. Fatma Ismail - **Deputy Principal, Sheikh Khalifa Senior School.**

A WORD FROM THE PRINCIPAL

All praise and gratitude are due to Allah alone as we close the school after a highly successful and eventful term. We celebrated our outstanding and historic KCSE results, achieving a mean score of 9.64 and a 100% transition rate to university. We also gracefully welcomed the new Grade 10 students into our senior school which ushered in the CBE era. We further successfully completed both the pre-mock and end-of-term examinations without any challenges. Alhamdulillah, thumma Alhamdulillah.

The holidays provide an opportunity to rest, reflect, and re-energize. To our students, make good use of the three weeks at home - spend quality time bonding with your families, while also dedicating time to reading and revision.

To our parents, kindly take time to carefully review the end-of-term report forms and assessment reports. This will help you evaluate your child’s strengths and areas for improvement and take appropriate action.

I wish you all the very best. May Allah bless you abundantly. Ameen.

Yours sincerely,

RISHARD RAJAB RAMADHAN
